

## CSD100H

Best seller one-way car alarm hopping code for Latin America

### Main Functions

Hopping Code Technology  
100%ANTI-SCAN

- Anti-hijacking by driver's door
- ACC ON and remote control
- Output to activate window roll-up module
- Remote arming
- Silent arming
- Auto rearming
- Auto arming
- Remote trunk release
- Safety door lock by ignition
- Panic/Vehicle locator
- Emergency override
- Valet mode
- LED status indicator

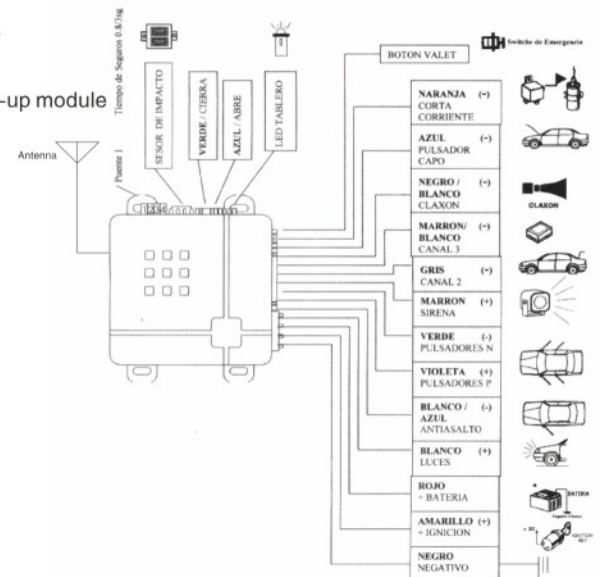

## CSD100B

Best seller one-way car alarm built-in shock sensor for Latin America

### Main Functions

- Anti-hijacking by driver's door
- ACC ON and remote control
- Output to activate window roll-up module
- Remote arming
- Silent arming
- Auto rearming
- Auto arming
- Remote trunk release
- Safety door lock by ignition
- Panic/Vehicle locator
- Emergency override
- Valet mode
- LED status indicator
- Code learning

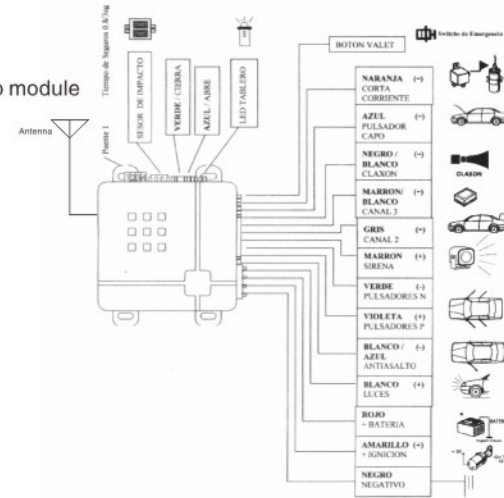

## Best seller one-way car alarm for Latin America

- Anti-hijacking by driver's door
- ACC ON and remote control
- Output to activate window roll-up module
- Remote arming
- Silent arming
- Auto rearming
- Auto arming
- Remote trunk release
- Safety door lock by ignition
- Panic/Vehicle locator
- Emergency override
- Valet mode
- LED status indicator
- Code learning

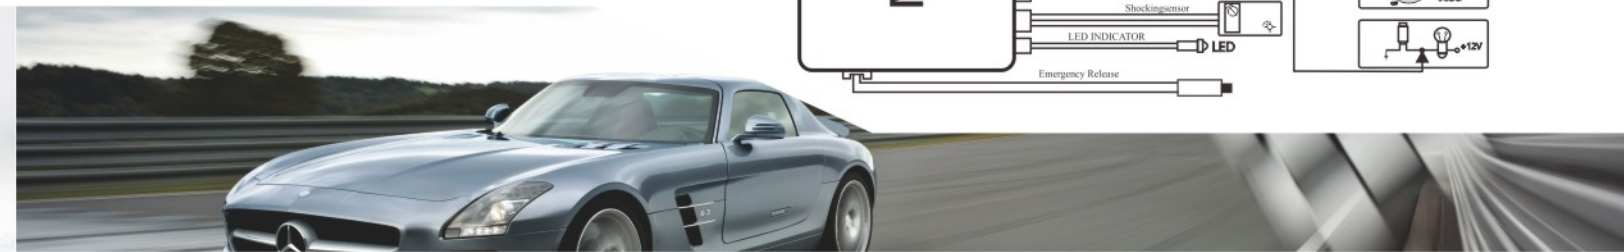

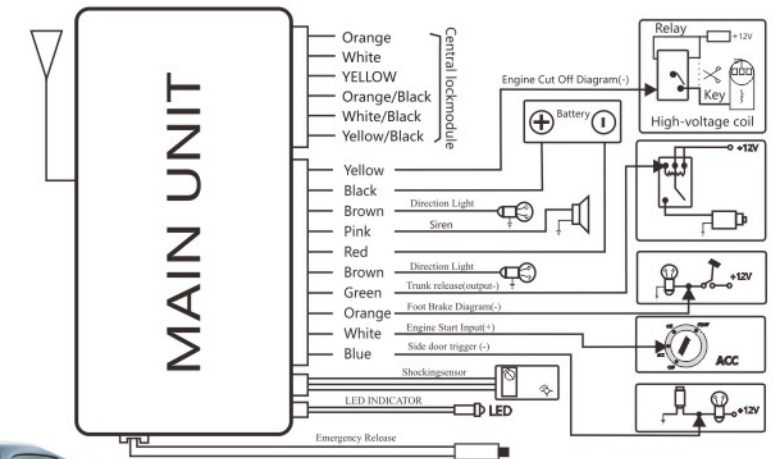

Antenna

One-way car alarm

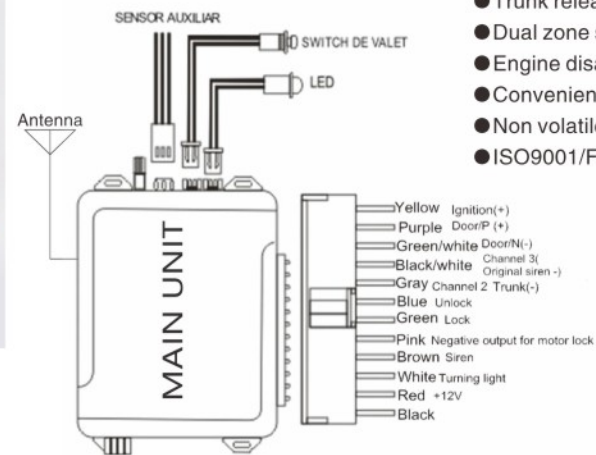

- Remote Lock / unlock
- Silent arm
- Emergency alarm
- Remote trunk release negative
- Anti-hijacking
- Auto re-arm (programmable)
- Auto central lock
- Power interrupted memory
- Door close reminder
- Door open signal

- Car find
- Emergency call
- Intrusion memory
- Anti-false alarm
- Emergency release
- Electric / vacuum door lock optional
- Auto arm (programmable)
- Reset switch
- Remote control programmable

One-way car alarm built-in shock sensor

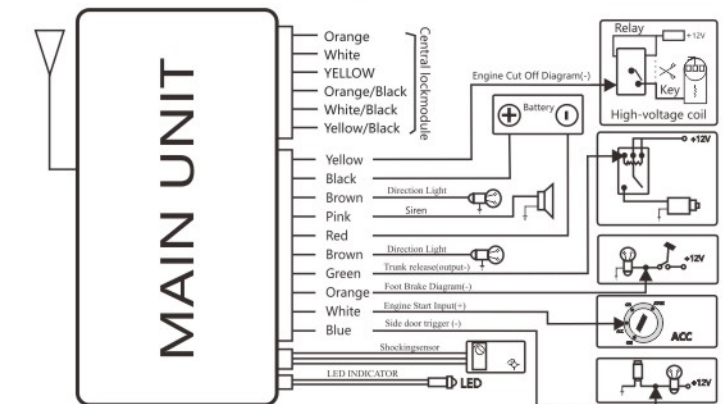

- 3rd channel output
- Hijack system(programable)
- Active/passive arming(programable)
- Anti-noise circuit
- Anti-hijack function
- Trunk release channel output
- Dual zone sensor alert/bypass
- Engine disable active/passive
- Convenience delays /event memory
- Non volatile memory/code learning
- ISO9001/FCC Approved/CE marked

One-way car alarm

- Remote Lock / unlock
- Silent arm
- Emergency alarm
- Remote trunk release negative
- Anti-hijacking
- Auto re-arm (programmable)
- Auto central lock
- Power interrupted memory
- Door close reminder

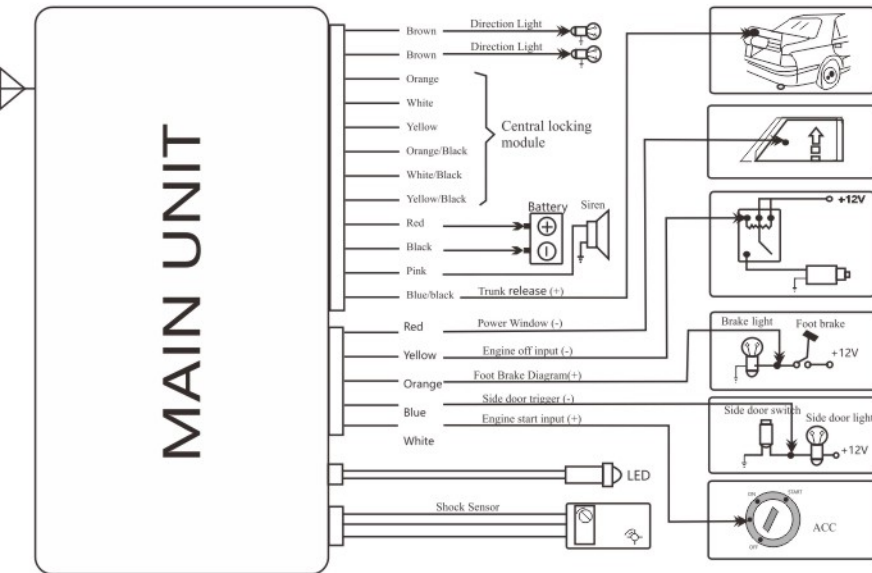

- Door open signal
- Car find
- Emergency call
- Intrusion memory
- Anti-false alarm
- Emergency release
- Electric / vacuum door lock optional
- Auto arm (programmable)
- Reset switch

Best seller one-way car alarm for Middle East

- Anti-robbery/Anti-hijacking

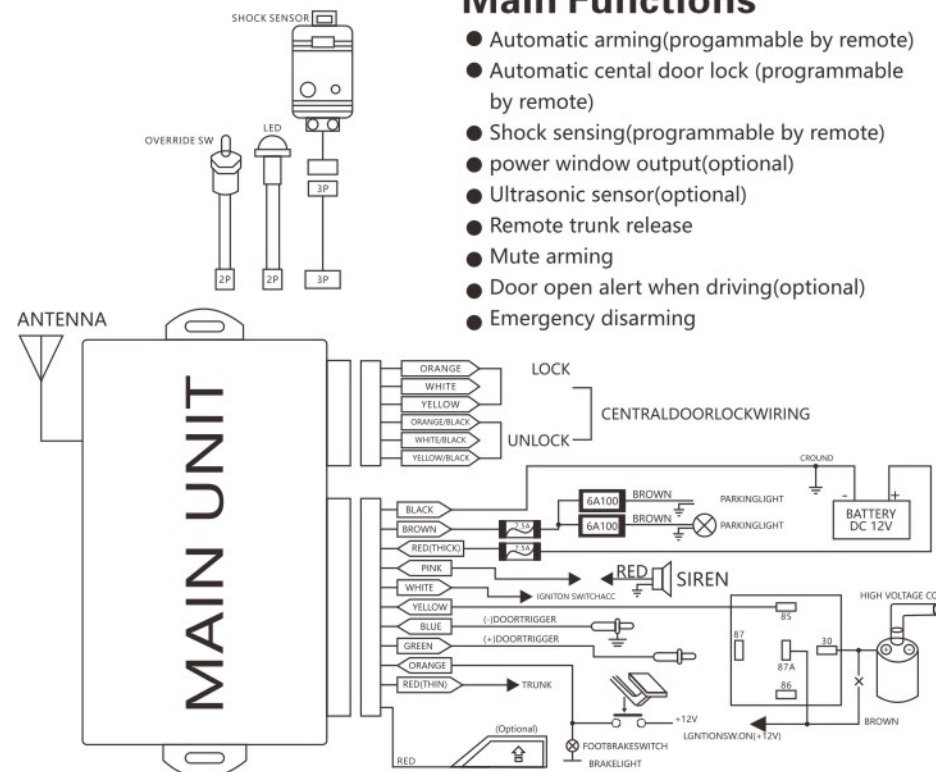

- Anti-robbery/Anti-hijacking
- Emergency call
- Trunk release
- Learning code
- Electrical/pneumatic entral locking optional
- Central locking control module built-in
- Silent arm, arming reminding
- Arm/disarm
- Warning identification
- Central door locking system automation
- Door unclosed well warning function
- Car searching
- Auto rearming
- Siren beep stop controlling

## Best seller one-way car alarm for Middle East

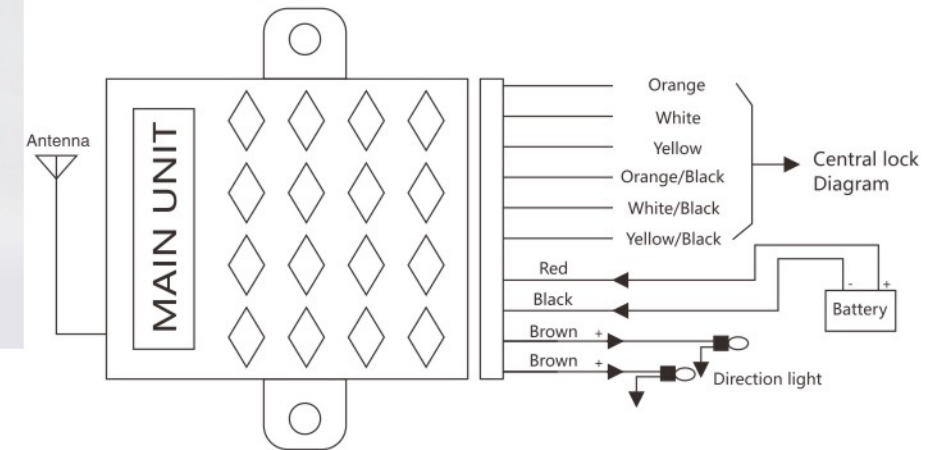

- Automatic arming(programmable by remote)
- Automatic central door lock (programmable by remote)
- Shock sensing(programmable by remote)
- power window output(optional)
- Ultrasonic sensor(optional)
- Remote trunk release
- Mute arming
- Door open alert when driving(optional)
- Emergency disarming

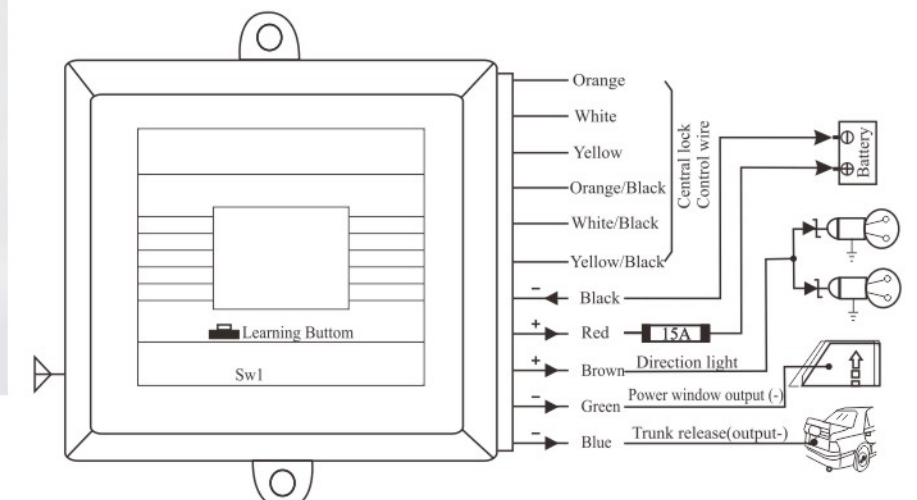

### Economic one-way car alarm

- Remote arm
- Remote disarm
- Direction light
- Car find
- Electric / vacuum door lock optional
- Remote control programmable

### Economic one-way car alarm

- Remote arm
- Remote disarm
- Remote trunk release negative
- Remote power window negative
- Direction light
- Car find
- Siren Programmable
- Remote control programmable

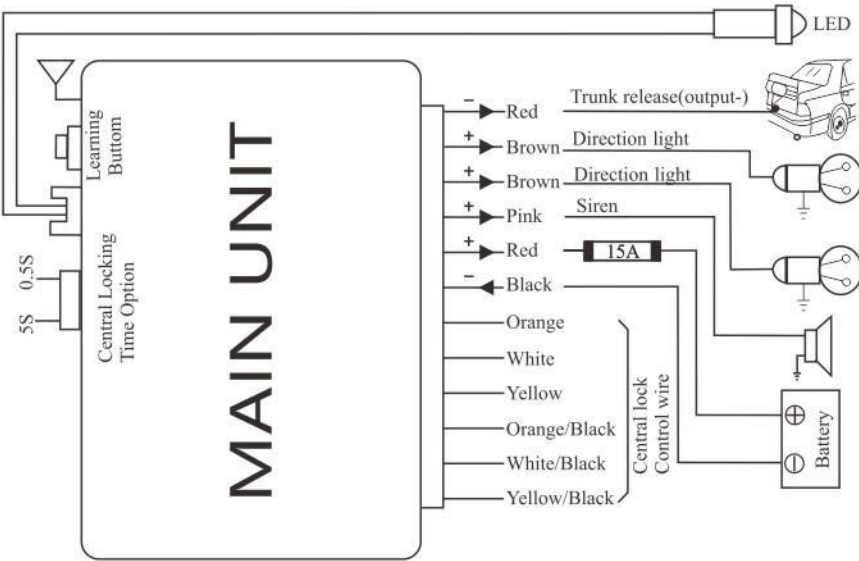

### CSD403

#### Keyless entry system

#### Main Functions

- Remote arm
- Remote disarm
- Remote trunk release negative
- Direction light
- Car find
- Electric / vacuum door lock optional
- LED reminder
- Remote control programmable

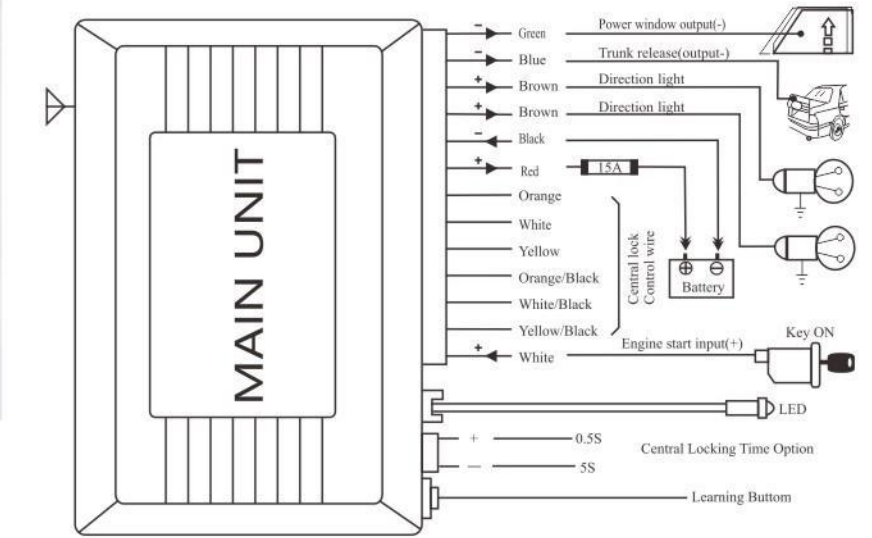

### CSD405

#### Keyless entry system

#### Main Functions

- Remote arm
- Remote disarm
- Remote trunk release negative
- Remote power window negative
- Direction light
- Car find
- Electric / vacuum door lock optional
- LED reminder
- ACC door lock
- ACC door lock time programmable
- Siren Programmable
- Remote control programmable

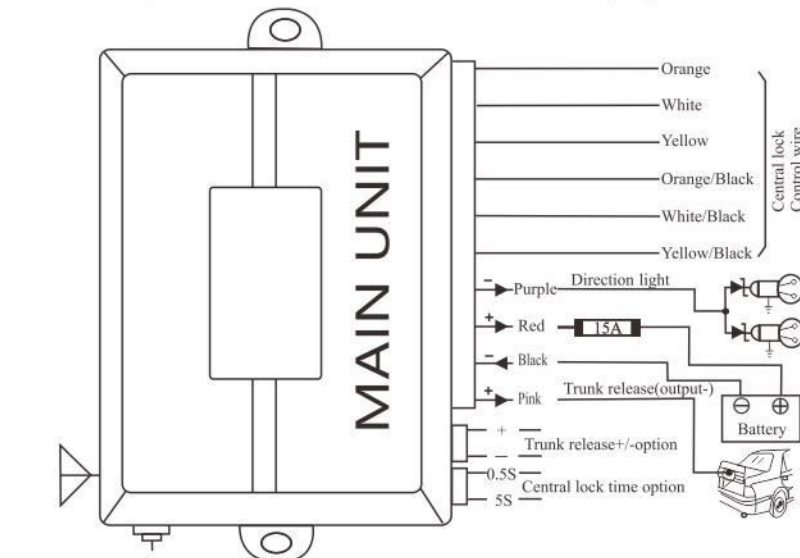

### CSD404

#### Keyless entry system

#### Main Functions

- Remote arm
- Remote disarm
- Remote trunk release negative
- Direction light
- Car find
- Electric / vacuum door lock optional
- Remote trunk release +/- optional
- Remote control programmable

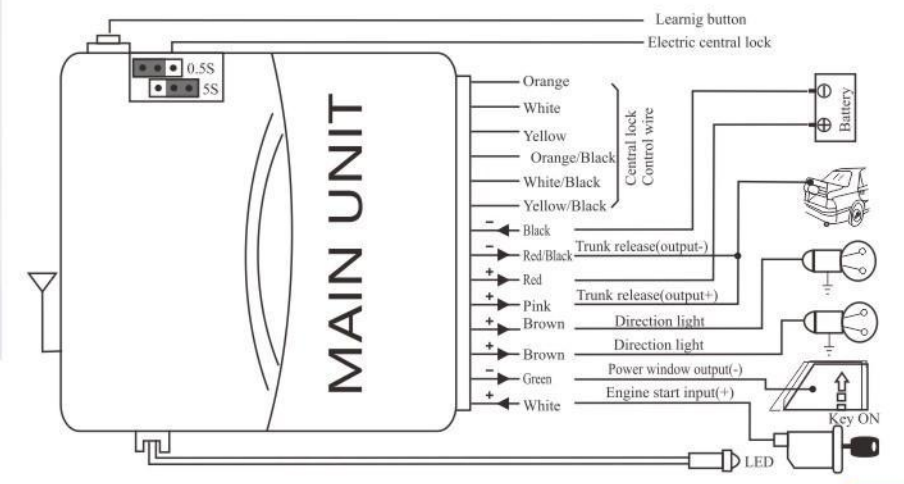

### CSD406

#### Keyless entry system

#### Main Functions

- Remote arm
- Remote disarm
- Remote trunk release negative
- Remote power window negative
- Direction light
- Car find
- Electric / vacuum door lock optional
- LED reminder
- ACC door lock
- ACC door lock time programmable
- Siren Programmable
- Remote control programmable

**CSD407**  
Popular keyless entry system  
for Middle East (Israel)

### Main Functions

- Remote door lock/unlock
- Car find
- Direction light
- Central lock time programmable
- Electric / vacuum door lock optional
- Remote trunk release +/- optional
- Remote power window negative
- LED reminder

**CSD408**  
Keyless entry system

### Main Functions

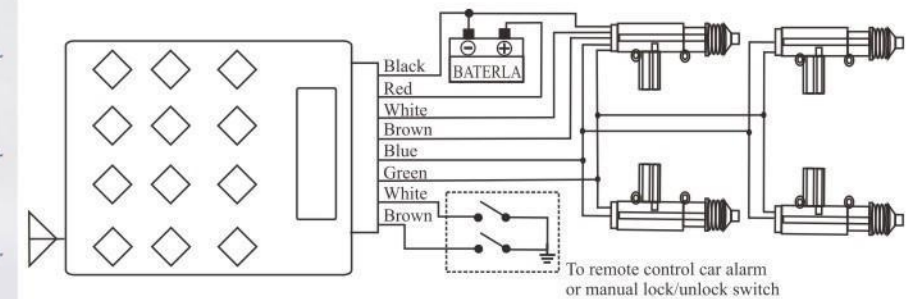

- Lock/unlock
- Car find
- Direction light
- Electric / Vacuum central lock optional
- Remote trunk release
- Window output
- Auto lock
- LED indicator

**CSD501**  
Central locking system 1 master 3 slaves

### Main Functions

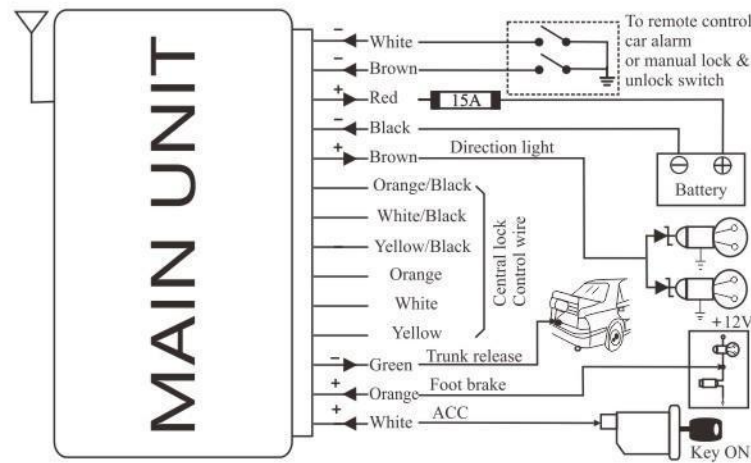

- Enhanced magnetic motor
- Universal design for any vehicle
- Ultrasonic wave/sealed, water proof, anti-shock
- Works with car alarm system
- Remote control lock/unlock
- One master 3 slaves / 2 masters 2 slaves (optional)

**CSD409**  
Keyless entry system for South east Asia

### Main Functions

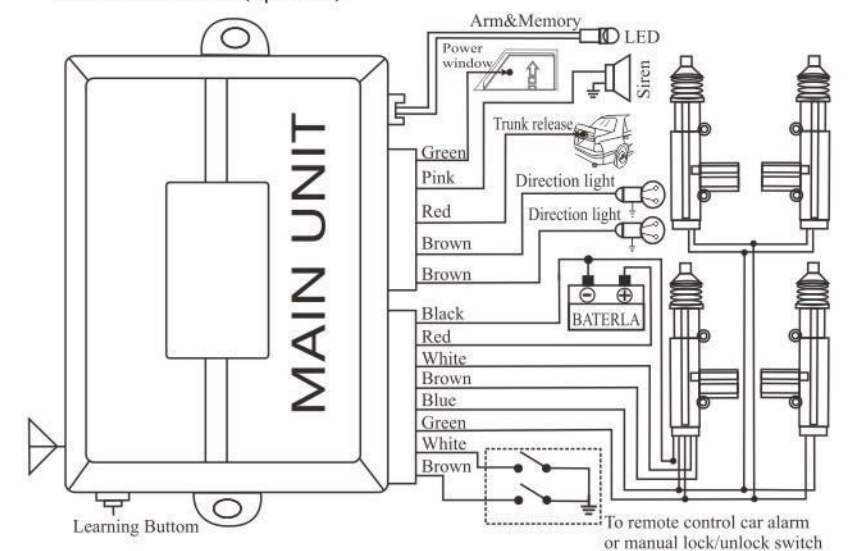

- Remote arm
- Remote disarm
- Remote trunk release negative
- Auto central lock
- Manual central lock
- Direction light
- Car find
- Electric / vacuum door lock optional
- Remote control programmable

**CSD502**  
Central locking system 2 masters 2 slaves

### Main Functions

- Enhanced magnetic motor
- Universal design for any vehicle
- Ultrasonic wave/sealed, water proof, anti-shock
- Works with car alarm system
- Remote control lock/unlock
- One master 3 slaves / 2 masters 2 slaves (optional)
- Remote trunk release negative
- Direction light
- Siren output
- LED reminder (optional)
- Manual lock/unlock
- Car find

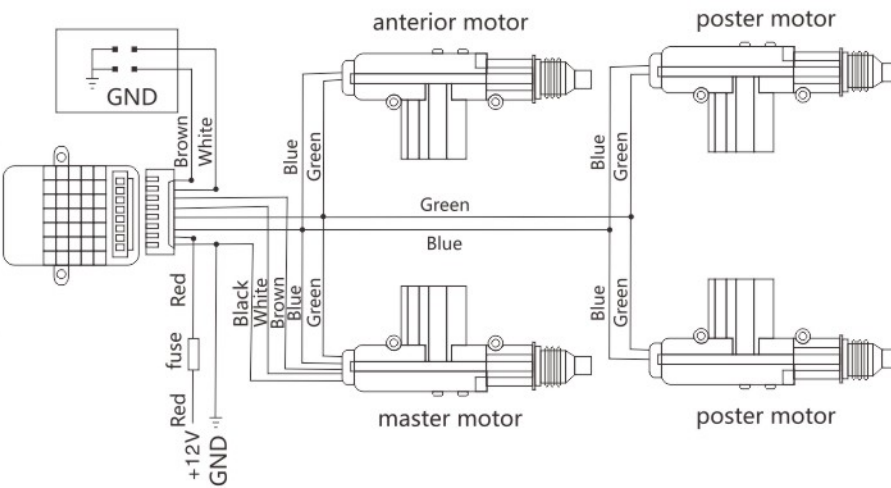

## CSD601

### Economic Central locking system 1 master 3 slaves

#### Main Functions

- Enhanced magnetic motor
- Universal design, suitable for any vehicle
- Ultrasonic wave/Sealed/ Waterproof/ Anti-shock design
- Fit in car alarm system
- Remote control lock/unlock
- One control three/ Two control two function (selectable)

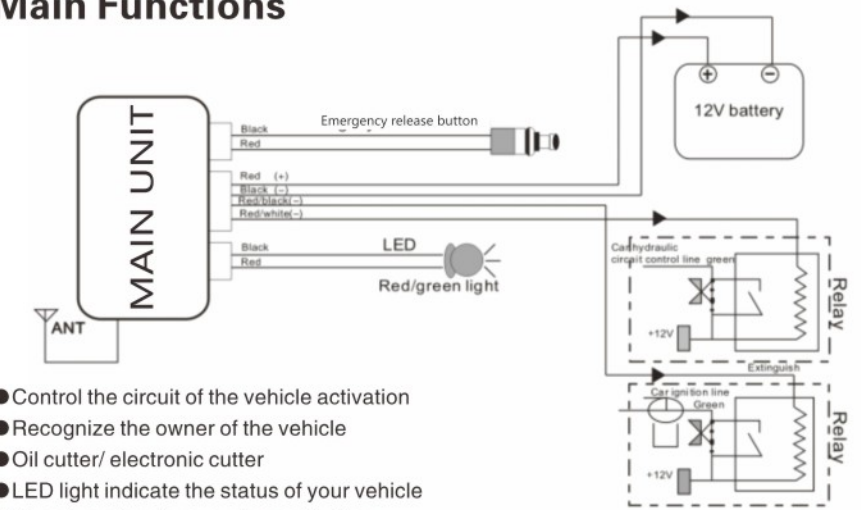

## CSD028

### Engine immobilizer anti-hijacking device

#### Main Functions

- Control the circuit of the vehicle activation
- Recognize the owner of the vehicle
- Oil cutter/ electronic cutter
- LED light indicate the status of your vehicle
- Two stage for alarm system activation
- No stealing while parking and no robbing while driving
- A Switch of valet parking and emergency shutdown option

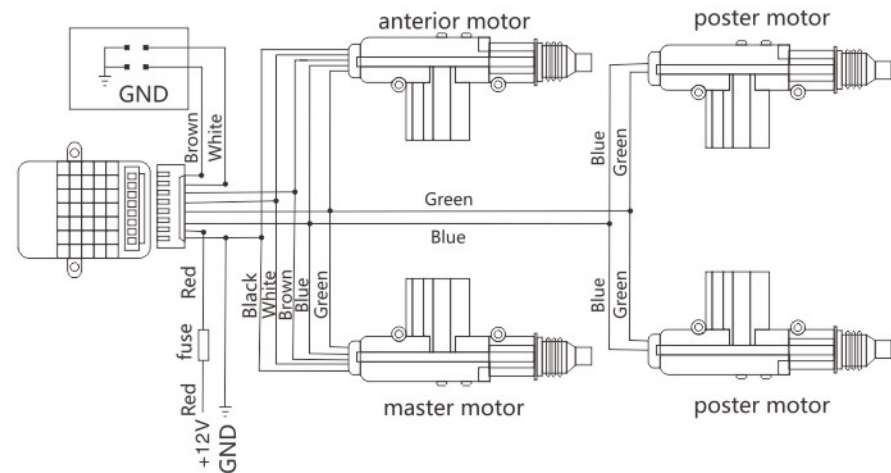

## CSD602

### Economic Central locking system 1 master 3 slaves

#### Main Functions

- Enhanced magnetic motor
- Universal design, suitable for any vehicle
- Ultrasonic wave/Sealed/ Waterproof/ Anti-shock design
- Fit in car alarm system
- Remote control lock/unlock
- One control three/ Two control two function (selectable)

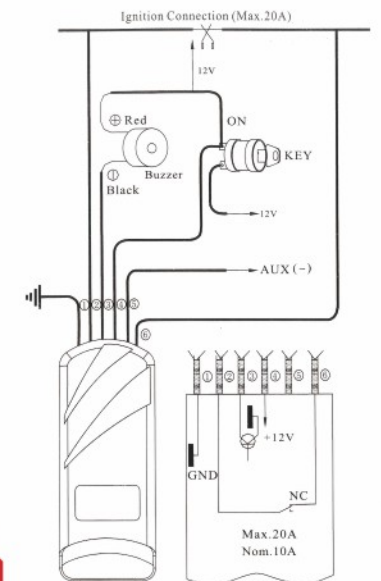

## CSD029

### 2.4GHz Engine immobilizer anti-hijacking device

#### Main Functions

- 2.4Ghz Engine Immobilizer
- DIALOG CODE
- 2.4-2.5Ghz Radio Frequency
- Compatible with remote engine starter by G-Sensor
- Anti-Robbery and Anti-carjacking
- Programming up to 5 new immobilizer keys
- PIN CODE
- Low battery warning
- Valet Mode
- Checking Transmitter Performance
- Harness cable all in black to confuse the thieves when cutting the cables

## CSD801

### Power window module

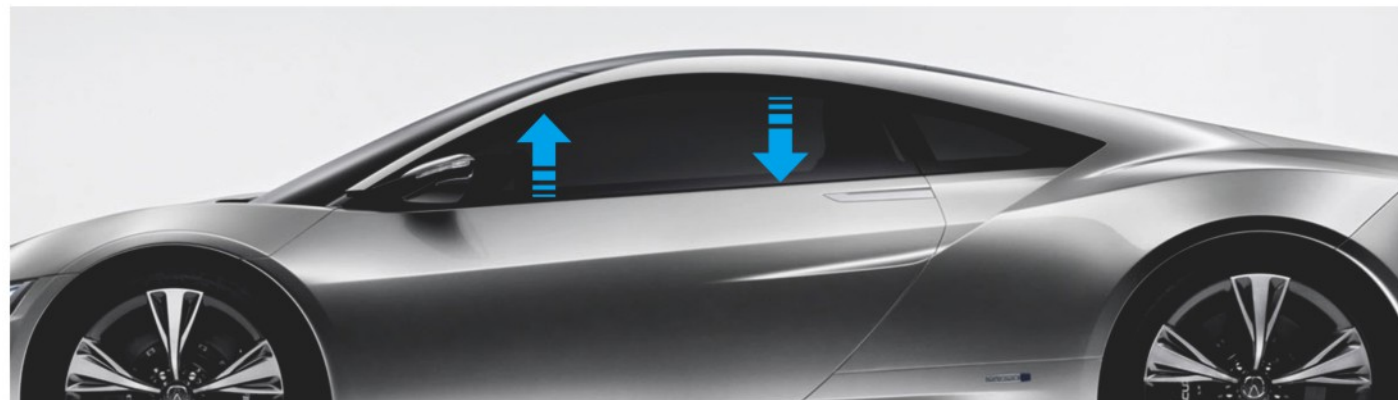

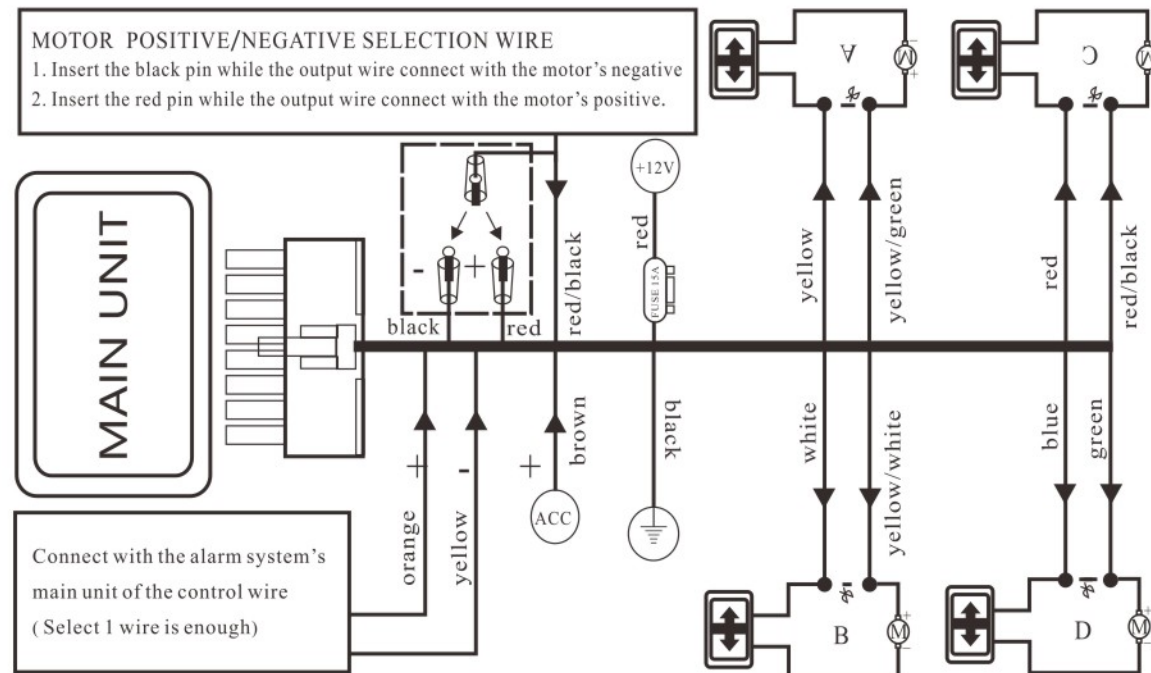

## CSD802

### Power window module

## Main Functions

- Universal power window module
- Works with car alarm system. Window rolls up automatically when arm the car.
- 2/4 windows optional.
- Safety detection to protect children when window rolls up.

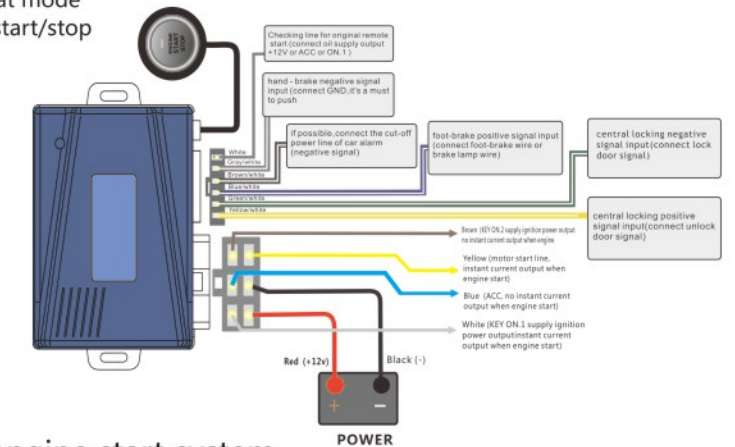

## CSD901

### One button engine start system

## Main Functions

- Works with car alarm anti-hijacking function
- Engine start/stop button
- ACC on/off repeat mode
- Remote engine start/stop

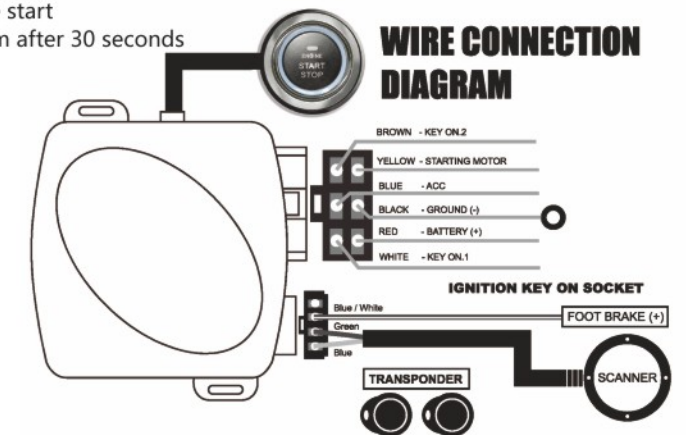

## CSD902

### One button engine start system with engine immobilizer

## Main Functions

- Engine start/stop button
- ACC on/off repeat mode
- Long press engine start
- Immobilizer re-arm after 30 seconds

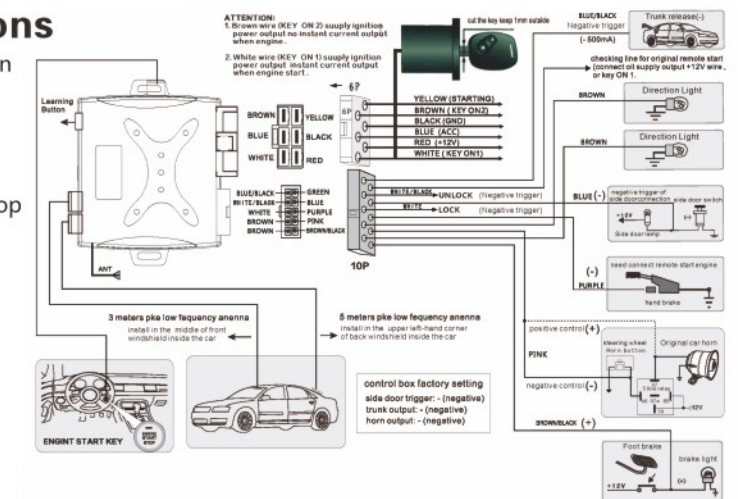

## CSD903

### One button engine start system with PKE

## Main Functions

- Engine start/stop button
- Lock/unlock
- Car find
- Remote trunk release
- PKE
- Remote engine start/stop
- Power window output

# Remote Control Duplicator

### Technical Spec:

- Configuration Files: Optional frequency
- Parameter type: ASK
- Frequency: 315mHz, 330mHz, 370mHz, 433.92mHz
- Battery Model: CR2016
- Voltage: 6V
- Encoder type: EV1527, PT2240, HT12E, PT2260, FP527, HT6P20B

### Packaging:

- 25pcs/box
- 500pcs/CTN
- CTN measurement: 64\*34\*28cm

## LED status indicator

## Reset switch

## Door switch

## Pin switch

## Shock sensor

## Ultrasonic sensor

## Microwave sensor

## Sirens
